FOREWORD

Reynolds Area High School has reached its second year. This is a time of pride in achievement, a time of recognition. It is also an appropriate occasion for self-examination. Introspection requires evaluation of the first year, consideration of the present, and dreams for the future.

In retrospect we recognize that a wealth of educational opportunities has been established. As the school has enlarged physically, it has simultaneously endeavored to broaden its curriculum.

Fortified by this heritage, we can look toward the future with security. Change is inevitable; we do not stand still. That same Reynolds spirit shall guide us into the future.

The purpose of this yearbook is to present the varied facets of our school-past, present, and future. A glimpse herein reveals the factors involved in molding the ideals of our school and its product: THE GRADUATE.

His pleasant smile, friendly nature, helpfulness, sincerity, and pleasing personality attract students to willingly accept his guidance which will long be cherished.

We know that this book cannot possibly convey all our feelings, but we hope in some small way it will convey our gratitude to you, Mr. Ebbert.

Nurse McConahey

CREST FEATURES SCHOOL SERVICES

SCHOOL NURSE

Hardly a person at Reynolds has not had an occasion to see the nurse for an aspirin. In a modern office our nurse, Mrs. McConahey, a graduate of Sharon Hospital, carries out her duties as school nurse. We know she must get tired of people coming in for minor difficulties, but everyone appreciates this service that makes our school complete.

GUIDANCE AND COUNSELING

All through their high school careers, students are continually facing new problems which they themselves are not fully capable of solving. Choosing between a vocational or academic course is certainly not easy and selecting a well-balanced schedule usually requires much thought. Finding the right college is a problem which many seniors must solve and not without help.

To direct the student in making the most of scholastic achievement, Reynolds has provided a fine guidance department, headed by Mr. Smith.

Since guidance is so very important to us not only now but also in the years to come, we at Reynolds can certainly look with pride and confidence to our fine guidance department.

Mr. Smith, Counselor

JUNIOR HIGH GUIDANCE AND COUNSELING

Group guidance is required for all Junior High students for a period of six weeks. In the seventh grade emphasis is placed on getting along with other people. Mental hygiene and personal adjustment are studied in the eighth grade. In the ninth grade vocational guidance is emphasized.

A program for testing ability and achievement is set up for each of these groups.

Personal guidance is given to Junior High students whose classwork is below a certain level. Both Mr. Smith and Mr. Magargee counsel on the junior high level.

"To improve our school and community through art activities"--this is the standard of the Art Service Club. No one seeing our 1961 Christmas decorations can doubt this. The nativity and Santa Claus scenes and the room decor were all products of this industrious organization.

Under the capable guidance of their faculty advisor, Mr. Thomas, the Art Service Club sells "pep" tags and provides signs, posters, and scenery for various school events. All senior high art students are eligible for membership.

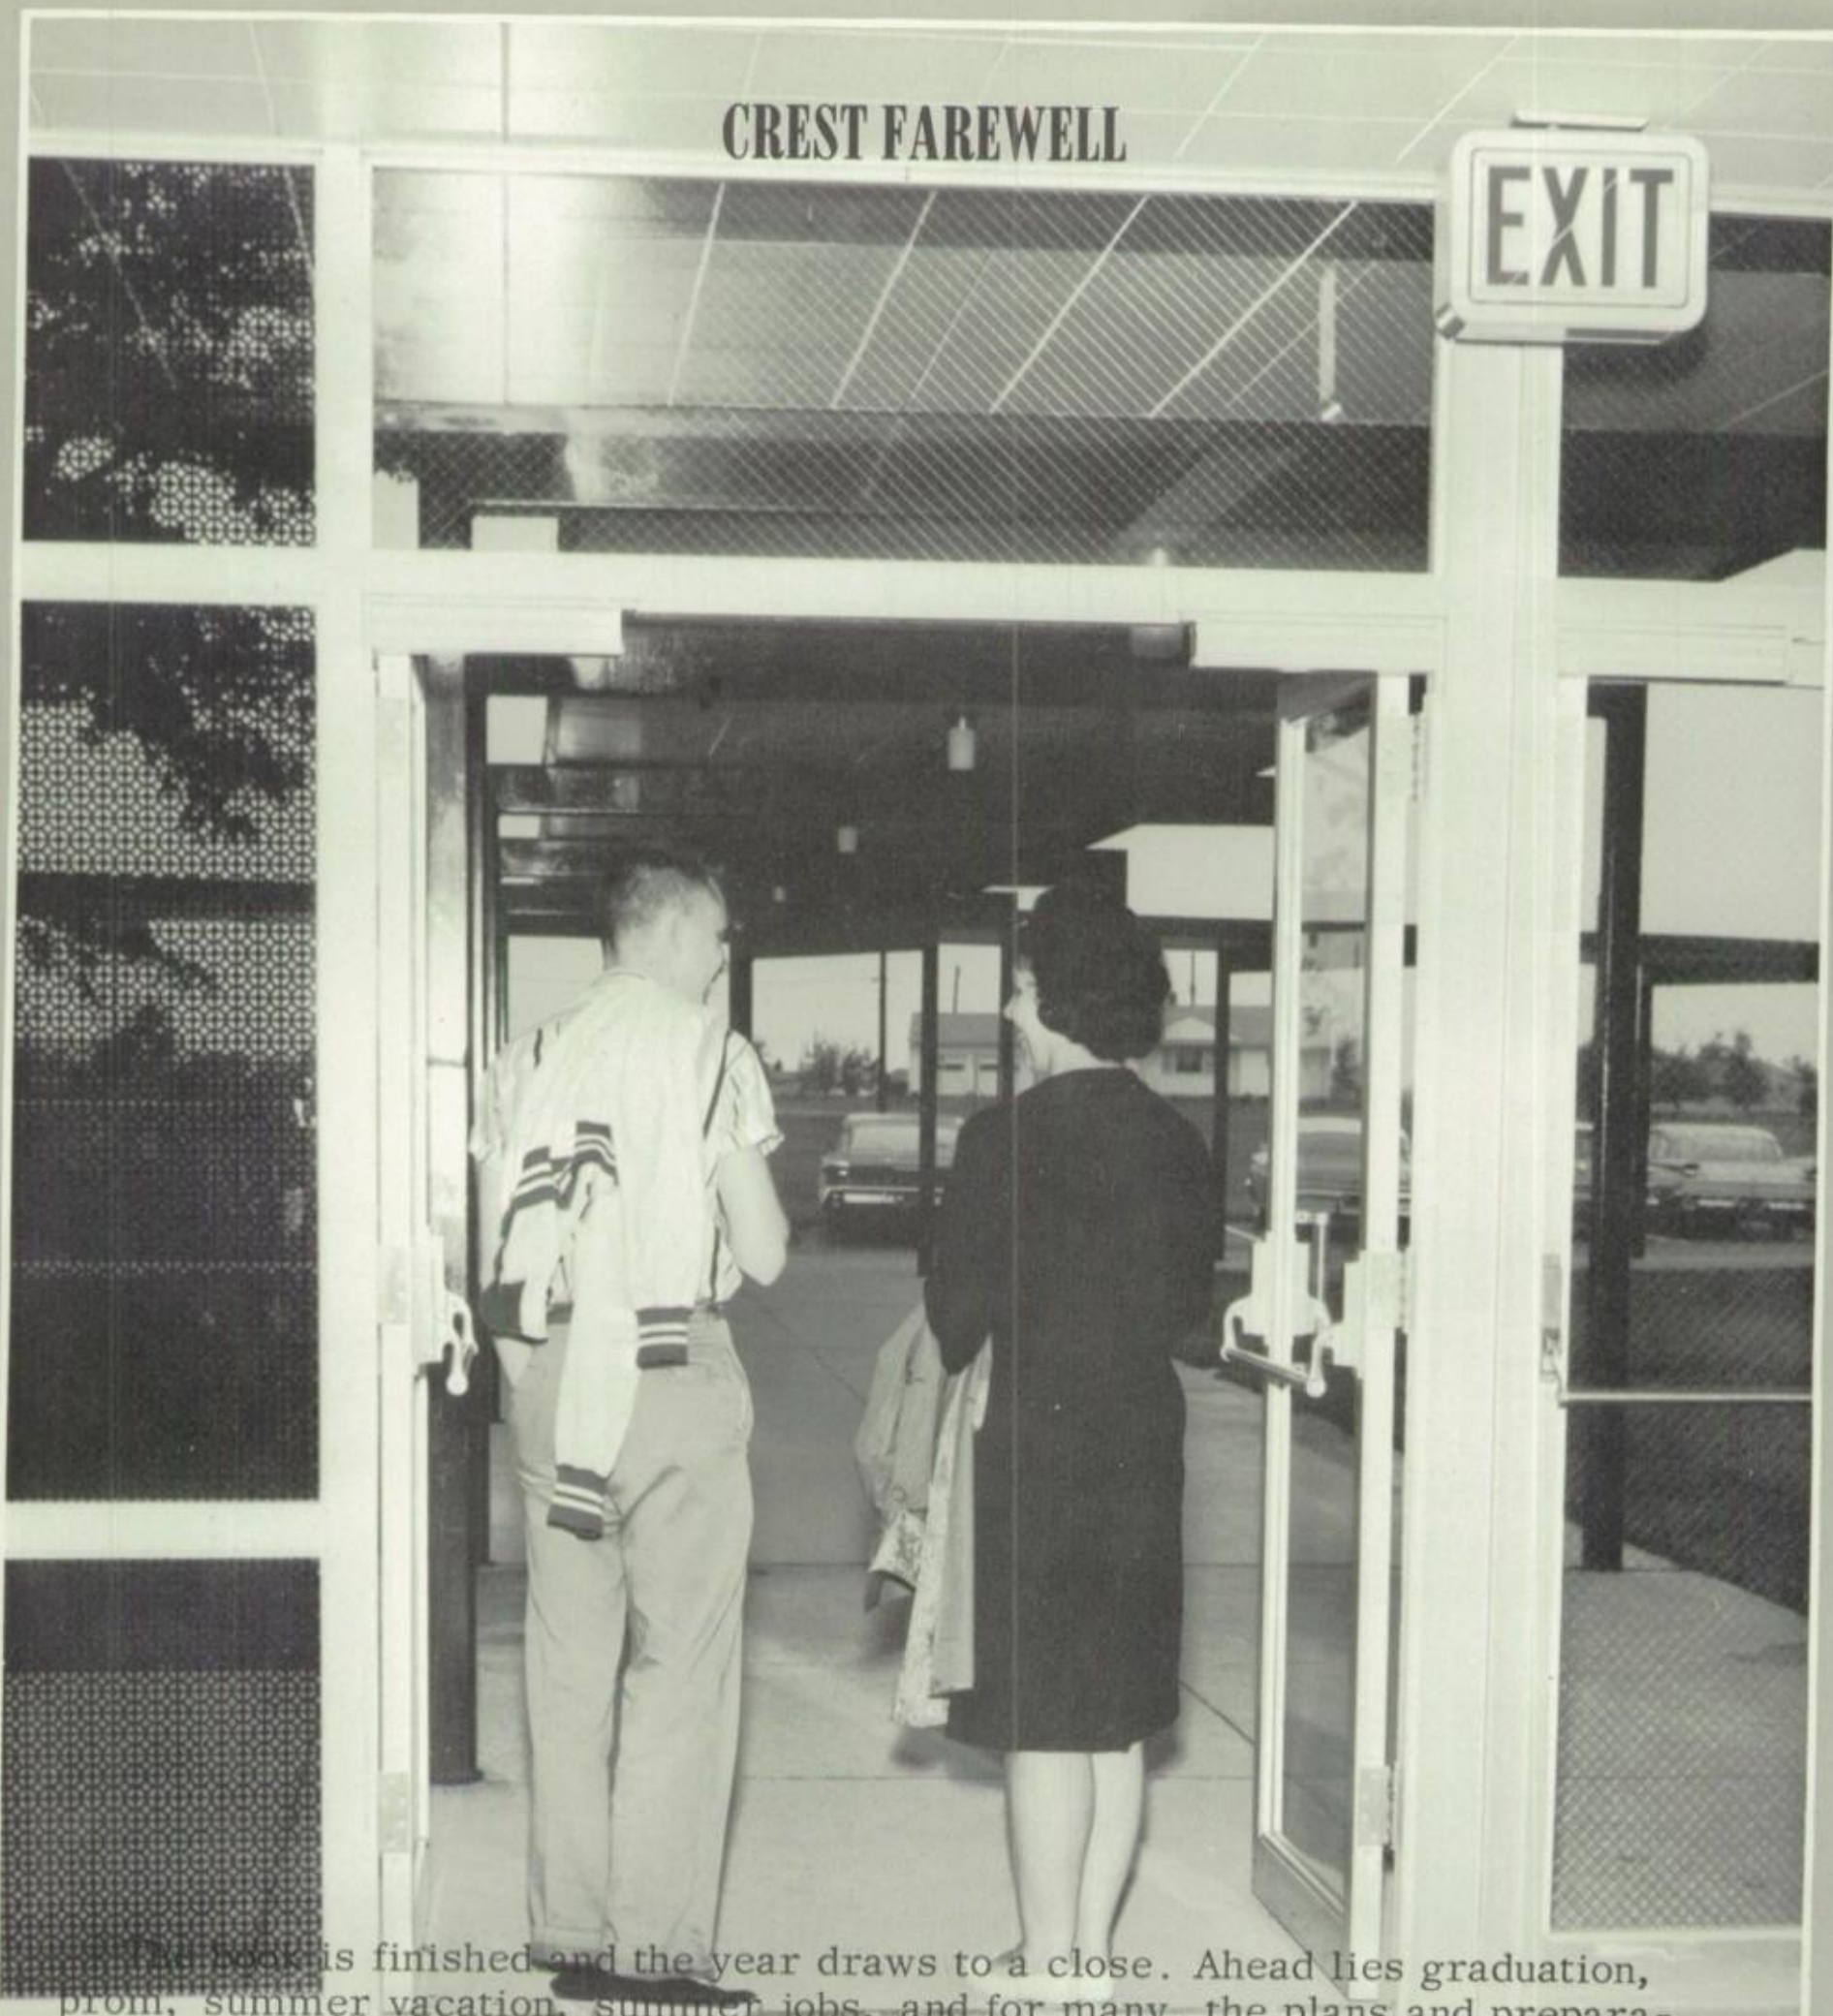
CREST FAREWELL



The book is finished and the year draws to a close. Ahead lies graduation, prom, summer vacation, summer jobs, and for many, the plans and preparations for higher learning and a college education. The '62 Crest Staff has sought to build a book which would, in a special way, reflect Reynolds High 1962. As the halls grow dim and the classrooms quiet, we hope this book will bring back the memories of this year and hold this living school forever in your memory.
